

Nano Alkaline Cleaner

Alkaline Cleaner for Condensers

Nano Alkaline cleaner is an alkaline-based cleaner. Thanks to its properties, it efficiently degrades treatable surfaces, removing even the most stubborn sediments of organic residues, grease, dust and pollen. The product must be diluted. The cleaner is ideal for restoring neglected installations, improving their efficiency. Avoid contact with delicate and painted surfaces.

- ✓ FOR CONDENSERS
- ✓ ALKALINE-BASED
- ✓ DILUTION 1:8
- ✓ ORGANIC RESIDUES
